A Bright Year Ahead for Bill4Time

2020

From all of us at Bill4Time, thank you for your continued support as we head into a new year together. We're inspired by the work that you do everyday for your clients and are so honored that you've chosen Bill4Time to support your practice.

For us, each year is all about you – our legal and professional services community – and every second, minute or hour we've helped save your firm, so you can practice more and manage less.

We invite you to reflect on 2019 with us and share in our excitement for what's to come in 2020.

Best wishes,
The Bill4Time Team

We've been building.

Last year was a foundational year – we focused on infrastructure and working behind the scenes to set up for an innovative 2020.

Quick, at a glance metrics.

Bill4Time's Dashboard

Based on your feedback, we launched an [exciting new dashboard](#) to bring you key information and business insights, all in one place. With seventeen new, unique views, you can quickly enter time and expenses, see recent entries or get a snapshot of your accounts receivable.

An intuitive mobile application.

Bill4Time Mobile App

You spoke, and we listened. Our [iOS and Android apps](#) were completely redesigned for a cleaner, more intuitive look. We also introduced new summaries and charts to track your billable hours and give you a quick snapshot of your daily, weekly and monthly progress. Whether you're in the office or on the go, we keep you connected.

We're ready for 2020.

We're excited to bring you more time and billing efficiencies, new audit trails and new possibilities through integrations.

Increased workflow efficiencies for time and billing.

Increased work flow

We know what we do best and we know you agree. In 2020 we are doubling down on time and billing with enhanced workflows, a simplified user experience, and a more intuitive customer experience.

Powerful new reporting.

Powerful reporting

In 2020, we're delivering new audit trails to help with tracking and security, so you can rest assured that your line-items are always in line. Additionally, we're building new reporting capabilities to give you easy access to your current clients, open projects and outstanding receivables.

Premier integrations, endless possibilities.

Endless possibilities

We're adding more integrations so that you can connect to your favorite apps, or even discover new ones. Our roadmap includes robust, yet simple to use integrations that will allow you to work the way that you want to, all in one place.
